WHY SPONSOR?

INTERACTIVE VIRTUAL CONFERENCE

JUNE 12-13, 2020

A VAST, VIBRANT COMMUNITY

Our amazing tribe of driven working women is diverse, dynamic, and incredibly supportive of one another. With an average reach of several thousand per week on social media, and a quickly growing following, we look forward to helping advance the outlook and opportunities for women in the workforce.

2 DAYS

Our annual conference is the gathering place for these powerhouse, visionary women, and you should be there. Discover many opportunities to connect and reach our audiences time and again over the course of our two-day conference.

45 SPEAKERS

Our speaker lineup is solid. These women (and some men) are celebrated and respected in their professions for their exceptional business savvy, expertise and influence. From academics and coaches, to entrepreneurs and marketers, to board members and CEOs, these speakers ignite their audiences and bring so much value to the event.

300+ ATTENDEES

Now that our platform is online, there's no such thing as selling out, but we anticipate more than 300 women joining us in this, our inaugural year.

1 UNIQUE ONLINE PLATFORM

This is something we're pretty pumped about! Our sponsor options are totally unique because the platform itself is totally unique! Attendees will interact with speakers and each other in sessions with live audience polling and Q+As, chat rooms, and other fun features.
